# Farida Ahmed Shetta

I am a highly motivated student at the German University in Cairo, looking for a great opportunity in computer engineering industry in which I can devote and expertise. I am also looking for a great and professional workplace where I can learn and grow my qualifications.

## Certifications

Delf B1 /2017  
Delf B2. /2018  
General Secondary certificate . 98,3%. /2020  
Bac- preparation / 2015 -2016

## GPA

1.1 German System  
A

## Work Experience

During school, I had an internship at ByGanz events, graphic design company for two weeks.  
In Summer 2023, I had one month internship at E-Tax, Microsoft application Operations department where i had the chance to work on Microsoft azure, handle different bugs, communicate with different departments and create user stories and test cases. I also had the opportunity to deal with different departments which improved my communication skills.  
In summer 2023, I'm currently an intern at Dor-e, I'm working in the development department, I work as a front-end developer. I had the opportunity to learn Angular "a programming language", we communicate through Slack and have a regular online meeting through it, which improved not only my physical communication skills but also remotely.

## Skills

- |                         |            |
|-------------------------|------------|
| • Problem solving       | Excellent. |
| • Critical thinking     | Excellent  |
| • Communication skills. | Excellent  |
| • Team work             | Excellent  |
| • Flexibility.          | Excellent  |
| • Creativity.           | Very Good  |
| • Time management       | Very Good  |
| • Leader Ship.          | Very Good  |

## Languages

- |            |   |
|------------|---|
| • Arabic   | native speaking                           |
| • French   | Highly proficient in speaking and writing |
| • English. | Highly proficient in speaking and writing |
| • Deutsch  | Very good command                         |

## Programming languages

Python  
Java  
Html  
Node js  
React Javascript  
SQL  
Haskel  
Prolog  
VHDL  
C++  
Angular

## Projects

Marvel game using java  
Two websites using Html and node js

<https://travelguide-713t.onrender.com/inca>

<https://drive.google.com/file/d/1AfIPWX3LSYh33jgmxF4Em8AnwL8qYaji/view?usp=sharing>

A washing machine coded using VHDL  
A database project "Football Management System"  
A Banking system Application website using React java script  
An Octree implementation using Java  
A computer operating system implementation "Processes, Scheduler, Resources"  
computer Architecture implementation "Handling different input instructions and implementing the five stages "Fetch, Decode, Execute, Memory, write back" and Memory, register files and pipeline Registers.

## Education

Sacre-Coeur Ghamra      2006-2020  
National certificate   98,3%  
German University in Cairo.   GPA   1.1   A   "German system"

## Charity Activities

During school, I got the opportunity to do several charity activities.  
I took part in organizing a full day for special needs people including food, games and songs. I also learned how to deal with severe cases.  
We also visited elderly home care and we spent a day in "Hay el Zabalin" visiting schools, playing with children and teaching them different courses like math and science. We saw women making new products out of garbage and learned the recycling process.  
All these activities made me a better person, communicating with different people and made me realize how lucky I am and all the opportunities I got which made me want to work more to help the ones in need and create new opportunities for different people.

## Achievements

I got a certificate in a national math competition between different schools.  
I also got several gold medals in basketball national championships.
